NEWS - June 2017

Sayonara!

I've really enjoyed being part of the team to help grow it from the small withered dream that it was 6 years ago, into the growing, vibrant event that it is today. All of the challenges and all of the successes have helped to shape me into the person I am, and I'm grateful for the experience.

The time has now come for me to move on and let someone else step in and take the reins. There is a fantastic foundation here, with all the show planners, and I'm pleased to be handing over an event that has changed its course and re-routed back to the community, with so much potential.

For those wanting to reminisce and celebrate, you're welcome to join us at the Roaming Giant on Friday 23rd from 4pm.

Its been a real journey over the last 6+ years with more ups than downs. For now, Ralph Evans will be taking over the hot seat, while I move into an office admin position at Te Kura. I wish you ALL, the very best successes for the show (and everything else you do) in the future, and look forward to catching up again at the next show, although this time, I'm most likely going to be a visitor (unless Noel convinces me to work the info desk or something).

take care!
 Carina

From the President

So, first planning meeting under our belt for the 2018 Show, giving us roughly 9½ months until Opening Day. Thanks to all our team of Co-ordinators who took time from their own busy schedules to attend.

We are already looking at how we can market the Show to a broader slice of our community, and the big thing would appear to be utilizing our own networks. Our combined target markets are so diverse, for the different Exhibitions, that it makes sense for us all to share the role of telling the community about OUR Show.

To that end; tell YOUR story to your network of people, businesses, community organisations, friends, family, neighbours, clubs, coffee groups, tourists, you name it; everyone should hear about the Show, your part in it, and how they can support what YOU do by coming to this truly unique event. With 9½ months' lead-time we should be on the tip of EVERYBODY's tongue by April 2018

Ralph Evans
